

第 93 卷 索 引

I	F
(1 → 3) β-D-glucan	500
A	
abscess	520
acute kidney injury	643
ampicillin	649
antibiotics treatment duration	659
antimicrobial stewardship	25
antimicrobial stewardship program	306
antimicrobials	643
autopsy	139
B	
bacteremia	659, 759
blood crust	21
C	
<i>Campylobacter gracilis</i>	520
capsular typing	507
carbapenem-resistant Enterobacteriaceae	125
carbapenemase	125
catheter-related blood stream infection	515
child	485, 643
cloxacillin	649
community acquired infection	125
confirmatory test	12
<i>Corynebacterium striatum</i>	326
<i>Cutibacterium acnes</i>	330
D	
daptomycin	326
disseminated cryptococcosis	139
E	
empiric therapy	649
enterohemorrhagic <i>Escherichia coli</i> (EHEC)	655
extended spectrum β-lactamase (ESBL)	18
extended-spectrum β-lactamase (ESBL) - producing bacteria	125
F	
false positive	500
<i>Fusobacterium nucleatum</i>	768
G	
genetic analysis	319
Gram staining	306
H	
health insurance claim	25
<i>Helicobacter cinaedi</i>	659
human immunodeficiency virus type 1 (HIV-1)	12, 298, 312
human immunodeficiency virus type 2 (HIV-2)	12
hypervirulent <i>Klebsiella pneumoniae</i>	319
I	
immune reconstitution inflammatory syndrome	775
infection control	655
infective endocarditis	649
infiltration	330
influenza	132
integrase strand transfer inhibitor	312
invasive fungal infection	500
invasive pneumococcal disease	485, 763
J	
Japanese spotted fever	21, 525
L	
laboratory-acquired infection	655
liver abscess	319
M	
measles	1
mediastinitis	330
meropenem	520
multiple cerebral nerve palsy	775

<i>Mycoplasma pneumoniae</i> pneumonia	643	sudden infant death syndrome (SIDS)	493
N			
non-vaccine serotype	763	supportive treatment	525
P			
package insert	25	surveillance	298, 312
penicillin-susceptible enterococci	306	T	
pneumococcal conjugate vaccine	485	tetracycline	525
polymerase chain reaction (PCR)	21	tosufloxacin tosilate	643
portal vein thrombosis	768	transmitted drug resistance (TDR)	298, 312
pylephlebitis	768	travel medicine	132
R			
real-time PCR	507	travelers diarrhea	18
respiratory failure	139	tropical diseases	132
<i>Rhodococcus corynebacterioides</i>	759	V	
rubella	1	vaccination	1
S			
seroepidemiology	1	vaccine	493
serotype replacement	485, 763	vaccine adverse event	493
<i>Shigella sonnei</i>	18	vaccine adverse event reporting system (VAERS)	493
<i>Streptococcus agalactiae</i> (GBS)	507	vaccine adverse reaction	493
subtype	298	varicella zoster virus	775
subtype B	312	W	
Y			
<i>Yarrowia lipolytica</i>			515
